

SUMMARY

Self taught web developer who builds responsive, interactive UIs with modern tooling and backend integration.

EXPERIENCE

Head Preschool Teacher

08/2024 - Present

Saint Frances of Rome

Creatively implemented weekly lesson plans for children with daily small group activities. Individualized additional activities for children's needs. Taught socio-emotional regulation and skills for 20 children ages 3-5.

Cosmetic tracker app

04/2026 - 06/2026

Built a full stack cosmetic tracking app with authentication and validation (Passport, Zod, custom middleware), infinite-scroll feeds, photo uploading with Multer, and a follow/like/comment/ system. Designed the PostgreSQL schema in Prisma, including self-referential follow relationships, and implemented cursor-based pagination with TanStack Query.

Social Media App ↗

03/2026 - 04/2026

Built a full-stack social media app with authentication and validation (Passport, and custom middleware). Modeled relational data in PostgreSQL using a Prisma schema. Features include 1:1 direct messaging, posting, liking, commenting, and photo upload with Multer.

Authenticated Message Board ↗

12/2025 - 01/2026

Built an authenticated message board with user roles denoting what each user can see. Implemented authentication with Passport and authorization with custom middleware. PostgreSQL database with raw SQL queries and server-side rendering with EJS.

EDUCATION

Software Development

07/2025 - 04/2026

The Odin Project

Psychology and Child Development

08/2018 - 05/2022

Northern Illinois University - Bachelor's

SKILLS

Backend: Node.js, Express, Passport	Intermediate	Languages: JavaScript, HTML, CSS, SQL	Intermediate
Frontend: Vite, React, TanStack, Typescript	Intermediate	Tools: Git, GitHub, Jest	Intermediate
		Databases: PostgreSQL, Prisma	Intermediate
